

Pregnancy Aid Clinic Announces Departure of Executive Director to Pursue New Role at St. Vincent de Paul Georgia

Atlanta, GA (September 18, 2023) - Pregnancy Aid Clinic (PAC), a leading nonprofit organization committed to supporting mothers and families, today announces the departure of Lisa Regan, its dedicated Executive Director, who has accepted a role as Senior Director, Programs and Services, for St. Vincent de Paul Georgia.

Lisa Regan has been an invaluable leader at PAC, guiding the organization with passion and dedication for over 5 years. During her tenure, Regan helped double the clinic's staff size and operating budget while navigating operations through the COVID-19 pandemic and the overturn of Roe v. Wade, an historic time in the mission to protect unborn life and serve pregnant women and families. In 2022, Regan and her team opened a third clinic in downtown Atlanta, expanding capacity for medical services, client advocacy and parenting education for metro Atlanta families facing unexpected pregnancy.

"We are deeply grateful to Lisa for her unwavering commitment to the mission of Pregnancy Aid Clinic," said Deacon Gary Schantz, Chair of the Board of Directors. "Under her leadership, we have grown and evolved to more effectively meet the needs of those we serve. While we are sad to see Lisa go, we are excited about the positive impact she will undoubtedly bring to St. Vincent de Paul Georgia.

Lisa Regan said, "It has been my privilege and joy as servant leader of PAC to witness the work of the Holy Spirit through our passionate staff, board, donors, volunteers, and faithful community. I remain committed to protecting the sanctity of life in my future endeavors, including my new role at St. Vincent de Paul Georgia. It's exciting to see what the Lord will bring through unified efforts to help women, men and families - honoring the dignity of life."

The Board of Directors will immediately begin the search for a new Executive Director to continue the vital work of the Pregnancy Aid Clinic and prepare it for additional growth. During this transitional period, Regan will stay on board to ensure the organization's seamless transition to a new leader. PAC remains committed to its mission and will continue to provide essential support and services to pregnant women and families in the community.

About Pregnancy Aid Clinic:

Pregnancy Aid Clinic is a non-profit center serving families with medical services, client advocacy, parenting education, tangible support and post abortion healing regardless of financial ability, race, age, or religion. Funded primarily by individual donors, the Clinic delivers more than 5,000 life-affirming, free services to 1,600 clients annually in three clinics located in Forest Park, downtown Atlanta and Roswell. Care addresses the whole person - mental, physical, emotional, and spiritual - in a compassionate and nonjudgmental way. Founded in 1984, Pregnancy Aid Clinic operates from a Catholic perspective and is blessed to have the endorsement of the Archdiocese of Atlanta. Learn more at www.pregnancyaidclinic.com
